Sill CUPBOARD

The Sill Cupboards offers a lean and slim storage solution. The name Sill stems from the French sillon, meaning carved grooves, which adorn the doors of each of the Sill Cupboards. Use this decorative cupboard in the kid's room, the hallway, the bedroom or for office storage. In addition to the scalloped doors, rounded corners contribute to the playful expression that is distinctive to Sill's design.

Life is full of contrasts

As we navigate expectations and dreams in the search for meaning and comfort, we long for a balanced life with room for chaos and calm, moments of reflection and times of joy. A place where we can be ourselves, realise the true value of things and feel at home.

Based on a passion for authentic design and clear functionality, we challenge ourselves to shape the future and take pride in creating products that help you balance the contrasts of life.

Our soft forms, rich textures and deep colours allow you to create an authentic and composed atmosphere, while avant-garde shapes, striking patterns and curious details add a touch of the unexpected.

From our base in Copenhagen, we work with artisans around the world, fusing our Scandinavian mindset with global skills and traditions. We take our responsibility to people and the planet seriously and expect the same of our partners.

We create collections of furniture, accessories and lighting, so you can create space to feel comfortably you.

Welcome home.
